

# Congratulations Victory Housing

April 23, 2025

On behalf of all Washingtonians, I am pleased to extend congratulations to Victory Housing on the very happy occasion of your 45<sup>th</sup> anniversary.

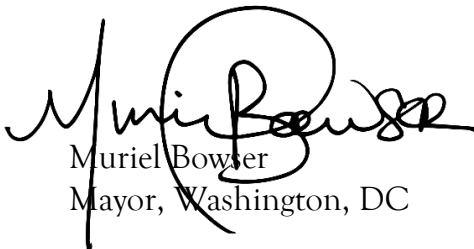

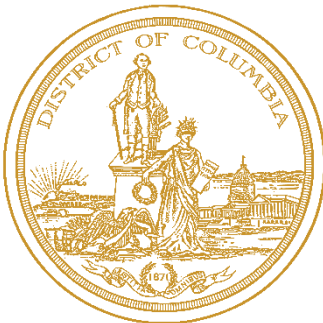

Victory Housing is a critical part of our social services network, providing assisted living and affordable housing to low- and moderate- income independent seniors and families. Originally founded in 1979 by three District of Columbia Roman Catholic parishes, Victory Housing has built or acquired a robust portfolio of communities across Washington, DC and Maryland. At each of its sites, Victory Housing embeds its core values—a philosophy as strong as its brick and mortar foundations—in ensuring compassion, accountability, and respect are at the forefront of all operations. These efforts have been appropriately recognized through Victory Housing receiving over sixty awards for excellence in service, a fitting testament to the level of care you provide.

I am thrilled to join in recognizing and celebrating your history on this momentous occasion. I am grateful for your support to seniors and families here in Washington, DC, offering them the opportunity to live meaningfully, at the intersection of comfort, care, and compassion.

To the entire Victory Housing family for making all of this possible, congratulations and thank you – I am appreciative of your many contributions to the city's housing landscape.

On behalf of the more than 700,000 residents of Washington, DC, I extend my warmest congratulations to Victory Housing for 45 years of exemplary service – I look forward to celebrating many more.

Muriel Bowser  
Mayor, Washington, DC
